

MINUTES for Thursday 15th September 2011

1. Vaccination in Adolescents with PaHIV

Alasdair Bamford

Alasdair presented a summary of BHIVA, CHIVA, PENTA guidelines highlighting discrepancies. Current clinic practice varies – many are not routinely screening for Rubella VZV and measles status despite concern that some peer supporters have been shown not to be protected and units refer back to GP for boosters with HAV HBV and Flu given in clinic settings.

ACTION: 1. Multicentre audit for coming 2 months – Liz Hamlyn and Ali Elgalib

Proforma attached an return to : ali.elgalib@mayday.nhs.uk

GIRLS: VZV Rubella and Measles serology.

BOYS: VZV and Measles serology

2. Alasdair and Julia Kenny to develop a simple guideline for adolescents for practical clinic use in terms of flow sheet summary to complement and summarise existing guidance.

2. HYPNet audits

Focus on adolescence and includes case based discussion and testing children (Katia)

CHIVA Oct 2012

Caroline

4. AALPHI Update

Linda McDonald, Martha LePrevost

Protocol in development, ethics to submit and hope to start recruitment spring, substudies currently in development include CVS Bone and Neurocognitive. Issued raised re matched funding for clinics that participate as some R and D departments reluctant to support studies without. Also discussed that some centres taking 6 months to get through R and D. Linda and Martha to contact Sarah Fidler for advice and will be contacting individual centres in the near future re set up planning.

5. HYPNet clinic proformas

Liz Hamlyn Ali Elgalib

HYPNet proformas for transition clinics circuited just prior to minutes.

ACTION: Please comment by end of October and they will then go on web. All comments to e.hamlyn@nhs.net

6. Guidelines- Sexual Health - On web Adherence

Melinda T-F

Caroline Foster

ACTION: Adherence group to send final comments to Caroline and then draft to be sent to HYPNet for comments

7. CHIVA/HYPNet Conference -2012 Very preliminary discussions re having a youth focused conference CHIVA parallel sessions at autumn BHIVA conference – focus on successful interventions studies around issues such as sexual health education, alcohol, drug use, gang culture. Exploring stigma within the family and the generation gap exacerbated by migration and cross cultural issues were suggestions.

ACTION: CF will discuss further with Steve Welch and CHIVA but all suggestions including speakers please to Caroline

8. AOB – Concerns were expressed by some members re potential reconfiguration of paediatric services – to be discussed at PEPYP meeting but recognizing that some centres had increasingly small numbers of children with a balance to be sought between access to a local paediatric service and concerns re breath of experience and access to appropriate MDT and transition services.

NEXT MEETING 16TH JANUARY 2012 – Provisionally at Body and Soul
